CAPITOL
MALL
HELLENIC
MOTOR
MUSEUM

The **Hellenic Motor Museum** is situated in the heart of Athens, very close to the National Archaeological Museum, in the uniquely designed building of the **Capitol Mall** cultural, leisure and commercial complex.

The museum, a highly-coveted private collection numbering more than 300 vehicles, covers 5.000 m² of the complex in 3 whole floors, dedicated to technology and the 4 wheels evolution....a history that covers almost a century, from an 1895 fire engine from Hungary to a Ferrari 308 GTS of 1980.

Highlights in the collection include Led Zeppelin frontman Robert Plant's 1959 Chrysler Imperial, Sir Lawrence Olivier's Rolls Royce Wraith of 1938, Formula 1 driver Lorenzo Bandini's personal 1953 Lancia Aurelia and the 1979 Cadillac Seville Gucci with its Gucci-designed interior and exterior fittings.

Road safety programmes give to future drivers a basic knowledge combining play and education, while the more adventurous visitors have the opportunity to try their reflexes on a Formula 1 simulator!

About the Museum...

The Auditorium of the **Hellenic Motor Museum** with a capacity of 200 persons is the new alternative proposal for corporate events in the centre of Athens!

Auditorium

The available audiovisual equipment can fulfil the needs of the most demanding event planner, as it includes the following:

- 3D projection system
- Advanced audio equipment (Surround Sound 7.1)
- Simultaneous Interpretation Systems up to 3 languages
- 5 Speakers' panel with wireless microphones and monitors for viewing presentations
- Podium with microphone and voice monitor
- Wireless audience microphone
- Business and Secretarial services (upon request)
- Cloakroom

At the Auditorium stage, even cars can be presented.

The Auditorium's Foyer is used for registration and coffee breaks during conferences while it could also be the ideal proposal for smaller events such as book presentations and small exhibitions.
